# Lumenos HSA Plan Summary

The Lumenos® HSA plan is designed to empower you to take control of your health, as well as the dollars you spend on your health care. This plan gives you the benefits you would receive from a typical health plan, plus health care dollars to spend your way. And, you'll have access to personalized services and online tools to help you reach your health potential.

## Your Lumenos HSA Plan

First – Use your HSA to pay for covered services:

### Health Savings Account

With the Lumenos Health Savings Account (HSA), you can contribute dollars to your HSA account. Others may also contribute dollars to your account.

You can use these dollars to help meet your annual deductible responsibility.

Unused dollars can be saved or invested and accumulate through retirement.

### Contributions to Your HSA

For 2007, contributions can be made to your HSA up to the following:

- \$2,850 individual coverage
- \$5,650 family coverage

Note: These limits apply to all combined contributions from any source.

Plus – To help you stay healthy, use:

### Preventive Care

100% coverage for nationally recommended services.

### Preventive Care

No deductions from the HSA or out-of-pocket costs for you as long as you receive your preventive care from an in-network provider. If you choose to go to an out-of-network provider, your deductible or Traditional Health Coverage benefits will apply.

Then –

### Your Bridge Responsibility

The Bridge is an amount you pay out of your pocket until you meet your annual deductible responsibility.

Your Bridge amount will vary depending on how many of your HSA dollars, if any, you choose to spend to help you meet your annual deductible responsibility. If you contribute HSA dollars up to the amount of your deductible and use them, your Bridge will equal \$0.

HSA dollars spent on covered services plus your Bridge Responsibility add up to your annual deductible responsibility.

**Health Account + Bridge = Deductible**

### Bridge

Your Bridge responsibility will vary.

### Annual Deductible Responsibility

- \$2,500 individual coverage
- \$5,000 family coverage

If needed –

### Traditional Health Coverage

Your Traditional Health Coverage begins after you have met your Bridge responsibility.

### Traditional Health Coverage

After your Bridge, the plan pays:

100% for in-network providers

70% for out-of-network providers

### Additional protection:

For your protection, the total amount you spend out of your pocket is limited. Once you spend that amount, the **plan pays 100% of the cost for covered services** for the remainder of the plan year.

### Annual Out-of-Pocket Maximum

#### In-Network Providers

- \$2,500 individual coverage
- \$5,000 family coverage

#### Out-of-Network Providers

- \$5,000 individual coverage
- \$10,000 family coverage

Your annual out-of-pocket maximum consists of funds you spend from your HSA, your Bridge responsibility and your coinsurance amounts.
